It should be with David. Let me talk to him today and get back to you.

Patti & Steve:

We had a conference call with Tadin to discuss moving the asphalt plant east of Wood. He said he cannot make that work. He said Alderman Cardenas told him we would have a meeting with DPD to discuss. He would like to request that meeting is scheduled. Mara told him we would not likely get David. But are the two of you able to meet? We know Patti is out of the office next week. It is not immediate.

Thanks.
